## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 3-4, 6-13 and 20 are allowed for the reasons stated in the Office Actions of August 15, 2003 and April 2, 2004.

The references fail to teach, disclose, or suggest, either alone or in combination, the elongated solid conductor having a longitudinally extending groove and curling the first wing and the second wing solely about the solid conductor of one piece construction so that the ends of the first wing and the second wing project into the groove and engage each other within the groove to resist spring-back of the first and second wings and in combination with the rest of the limitations of the base claims.

Applicant's arguments (Pages 5-10) with respect to the Turner reference have been fully considered and are deemed persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
